Date: 30/09/2022

Week 1/2	2
Week # of unit	4/14
Week # of the year	4/39

Highlights

Year 11 climbing their own personal mountain

This week, we were excited to launch P7 or 'Champions Hour', which runs straight after P6 each day. Year 11s are offered additional time with subject teachers to improve their subject knowledge, confidence in answering exam questions and improving their BTEC coursework. Targeted small group intervention with subject teachers is the very best way to improve GCSE outcomes and we thank you for your support. We have a wide range of subjects available. The timetable can be viewed on the [Year 11 section](#) on our website and will be updated throughout the year.

You will shortly be receiving a letter regarding our October Holiday School. Holiday Schools run throughout the year and provide students with a further opportunity to improve their outcomes. October School is focused on our BTEC courses. Getting ahead and achieving a high level in a BTEC at this point in the year eases the pressure later when we shift our focus to examined subjects. We encourage every student to aim high for a Distinction grade. Please do contact Mr Standing for any queries regarding our extra support offered to help students climb their own personal mountain to the very best universities in the country, or genuine alternative.

Fun Friday: What is coming up?

30th September: Games, Games, Games - Join us and enjoy a board game, chess, snakes and ladders, Uno and many more!

7th September: Countdown! 30 seconds is all you have to make the longest word possible with the letters you have been dealt! Good luck!
