Dear Blaise Families,

Enrichment Unit 1

At Blaise High School, we understand that qualifications and academic results are essential in unlocking opportunities for our students to access the best universities and careers of their choice. However, we also recognise that true success requires more than just good grades—it requires resilience, confidence, and strength of character to overcome the challenges that lie ahead. That's why we place a strong emphasis on developing our students' characters alongside their academic achievements.

One of the key ways we support this development is through our Enrichment Programme. Launched last week at our Enrichment Fayre, this programme offers a wide variety of academic and non-academic activities designed to help students build the attributes necessary for future success, while also discovering lifelong hobbies.

You can view our full Enrichment timetable at the end of this letter. Some exciting **new clubs** this year include;

- Blaise Changemakers, where students will plan and lead fundraisers for causes important to them
- EAL Conversation Club, offering support to students for whom English is a second language
- Handwriting Club, aimed at those looking to improve their handwriting.

Please discuss these activities with your child and encourage them to take part. These clubs not only help build strength of character but also provide a fantastic opportunity to make new friends and gain experiences that will add value to future applications or CVs. If they did not sign up in the Enrichment Fayre they are still more than welcome to join any enrichment activity, all they need to do is line up on the year 7 line up area on the day!

If you have any questions about our Enrichment Programme then please do not hesitate to contact me via email at woodlandj@blaisehighschool.co.uk

Yours faithfully,

Jade Woodland
Science Teacher and Director of Aspiration
