Dear Parents families,

Survey Findings

We would like to extend our heartfelt thanks to all of you who took the time to complete our recent parent survey. Your feedback is extremely valuable in helping us understand what we are doing well and where we can improve to better support our students and families. The success of the school up to this point has been due in large part to the support of the parent community and we are very grateful for this.

We are pleased to share some of the key findings from the survey:

- Over 94% of parents expressed that our values are well understood and implemented
- Over 90% of parents highlighted that our school has high expectations of our students
- Over 80% of parents agreed that their child was happy at the school.
- Over 90% of families felt that the school cared about their child's future.
- Over 85% of families had children who had participated in a rewards experience in the school
- 92% of parents are satisfied that the PHSE curriculum meets the needs of their child
- Areas for improvement include;
 - More clarity on what is being taught within the curriculum
 - Timely return communication with parents following a request or a question

As a result of your feedback, we will be implementing the following actions:
