Dear Blaise Families,

Year 7 University experiences

At Blaise High School, we are deeply committed to raising aspirations and broadening horizons for every student. As part of this commitment, we believe it is vital that all children are given the opportunity to experience university life during their time with us. These experiences play a crucial role in helping students envision their futures and understand the many exciting possibilities available to them.

Recently, a group of our students had the opportunity to visit the University of Reading. It was a fantastic day that inspired many young minds. However, due to limitations in the number of students the university could accommodate, not all Year 7s were able to attend. We understand that this may be disappointing, and we sincerely apologise. Please be assured that this is just the beginning of a series of university experiences your child will take part in during their journey at Blaise High School.

We are proud to work closely with a number of local and national universities to ensure that, by the end of Year 10, every student will have had multiple university visits. These visits are carefully planned to provide meaningful insights into university life, helping students understand what higher education looks like and how they might access it in the future.

Every child will climb their own personal mountain to the very best universities in the country or careers of their choosing and this reflects our belief that with the right support and inspiration, all young people can be successful as when one succeeds, we all succeed.

If you or anyone in your network has links with a university and would be willing to help us expand these valuable opportunities, we would be incredibly grateful. Please don't hesitate to get in touch with Miss Exton; extons@blaisehighschool.co.uk if you can support this work in any way.

Thank you for your continued support.

Yours sincerely,

Miss Exton
Deputy Headteacher
